

## 2007 Registration Information

This year the registration form has been made fill able from your computer. You will need Acrobat Reader <sup>©</sup> 7 or newer to use this feature (I have placed a link to this free program below).

**Getting the form:** the fill-able form is found below this PDF in the Attachment pane. If you do not see the file below, click the "Paperclip" in the lower left corner. Click file to open.

### Filling out the form:

- 1.) You may simply print out the form, fill it out and bring it to the parent meeting or send it to school with your son to turn in to either Coach Parker or Coach Godwin
- 2.) You may download the form and then fill out the form on your computer, print it out and turn in a signed copy. You do not need to be online to fill out the form. *Note: you will not be able to save a copy of the filled unless you have a full version of Adobe Acrobat<sup>©</sup> or another PDF printer.*
- 3.) **OPTIONAL** – You may submit the information by email after you have printed out your copies. This was set up to help in the creation of the emergency booklets I make up for the coaches to take to matches to be used in case of an injury. The booklet contains a page for each wrestler that lists all contact info, insurance info, medical notes (allergies, recent injuries listed on physicals, etc.) and a has a copy of the wrestler's physical. For security concerns, only the data is sent – not the filled form. The form does not have to be filled in while online.
